Getting Setup on Integer Tracking (IOS Device)

To download intTrack on your Apple iPhone click this link (https://int123.co.uk/track)

image-1632222112394.png

Once downloaded open the intTrack app

image-1632222112394.png

Click 'Allow While Using App'

image-1632222976957.png

Enter your 'User Hash' which has been provided to the Shop Owner / Manager

image-1632223969341.png

Keep this toggle for 'Battery Optimisation' enabled

image-1632224928709.png

Click on the toggle to 'Enable Tracking Reminder'

image-1632224955697.png

Click on the tick to save the settings

image-1632225085661.png

Click 'Back' to go to the main screen

image-1632225160971.png

Go to your iPhone settings

image-1632225303905.png

Scroll down and click on 'intTrack'

image-1632225599276.png

Click on 'Location' and set it 'Always'
