Just Eat orders not coming through to the inTouch POS

If orders are not coming through to the inTouch POS do the following steps;

1. Log in to the *Server*

2. Go into *Menus* via Occasional Menu

3. Click on one of the items and change the description (remove full stop or add one)

4. Save & Exit then click Upload to Website

5. Once uploaded give a few minutes

6. Go to the Just Eat site for that customer (search example *Just Eat Integer Pizza Manchester*)

7. Go to the course and find the item you edited

8. If the item has updated then do a test order (If you can't see the cash payment get them to enable CASH)

9. Get them to accept it and wait upto 60 seconds for it to arrive on the POS

10. If the order does not arrive please email us via *onlineordering* or directly email *Alec or Brett*.
