How to share your printer and add it to another computer

In control panel, go to Device and Printers, and printer properties

image_1624366476422.png

Go to 'Sharing' tab and tick 'Share this printer'

image_1624366613555.png

Then go to the 'Security' tab allow all permissions for 'Everyone'.

image_1624366718131.png

If 'Everyone' isn't there, click 'Add' and then type "Everyone" and click 'OK'.

image_1624366909435.png

Go back to 'Control Panel' and click 'Network and Sharing Centre'

image_1624367138547.png

Click 'Change advanced sharing settings'

image_1624367086889.png
