Undocumented Features

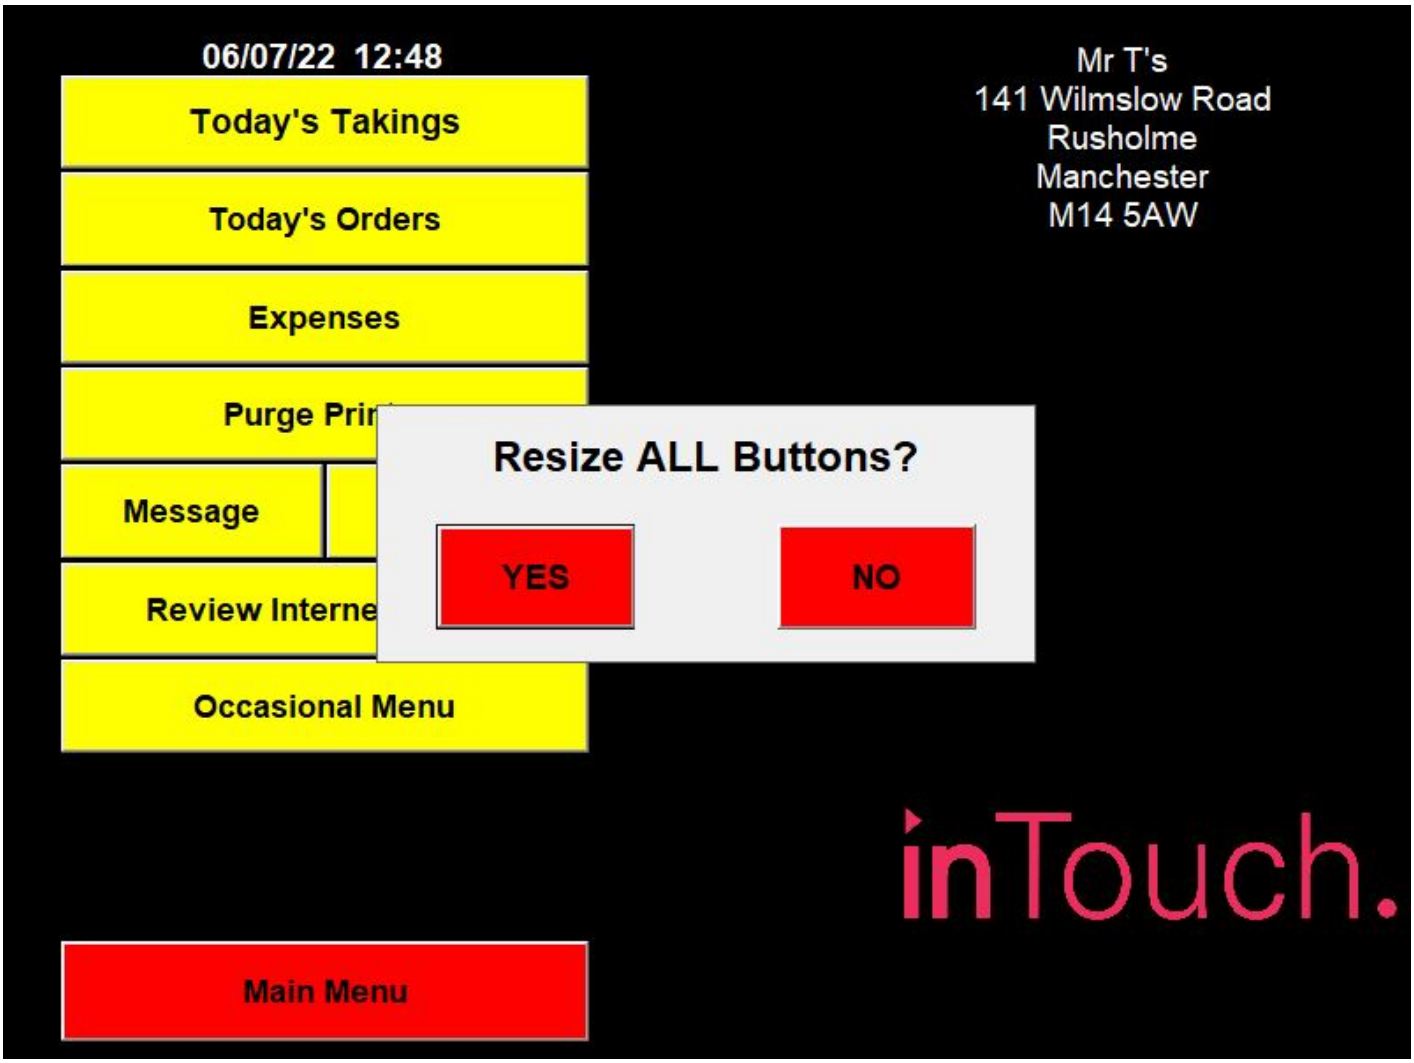

- Right clicking the Occasional Menu button to Resize all Buttons
- Reformatting the menu
- Pressing and holding the Intouch logo on management

Right clicking the Occasional Menu button to Resize all Buttons

If you go into Management.

And then right click on Occasional Menu and a pop up will appear saying "Resize all Buttons" and if you press yes all the buttons on the menu will be changed to a small font.

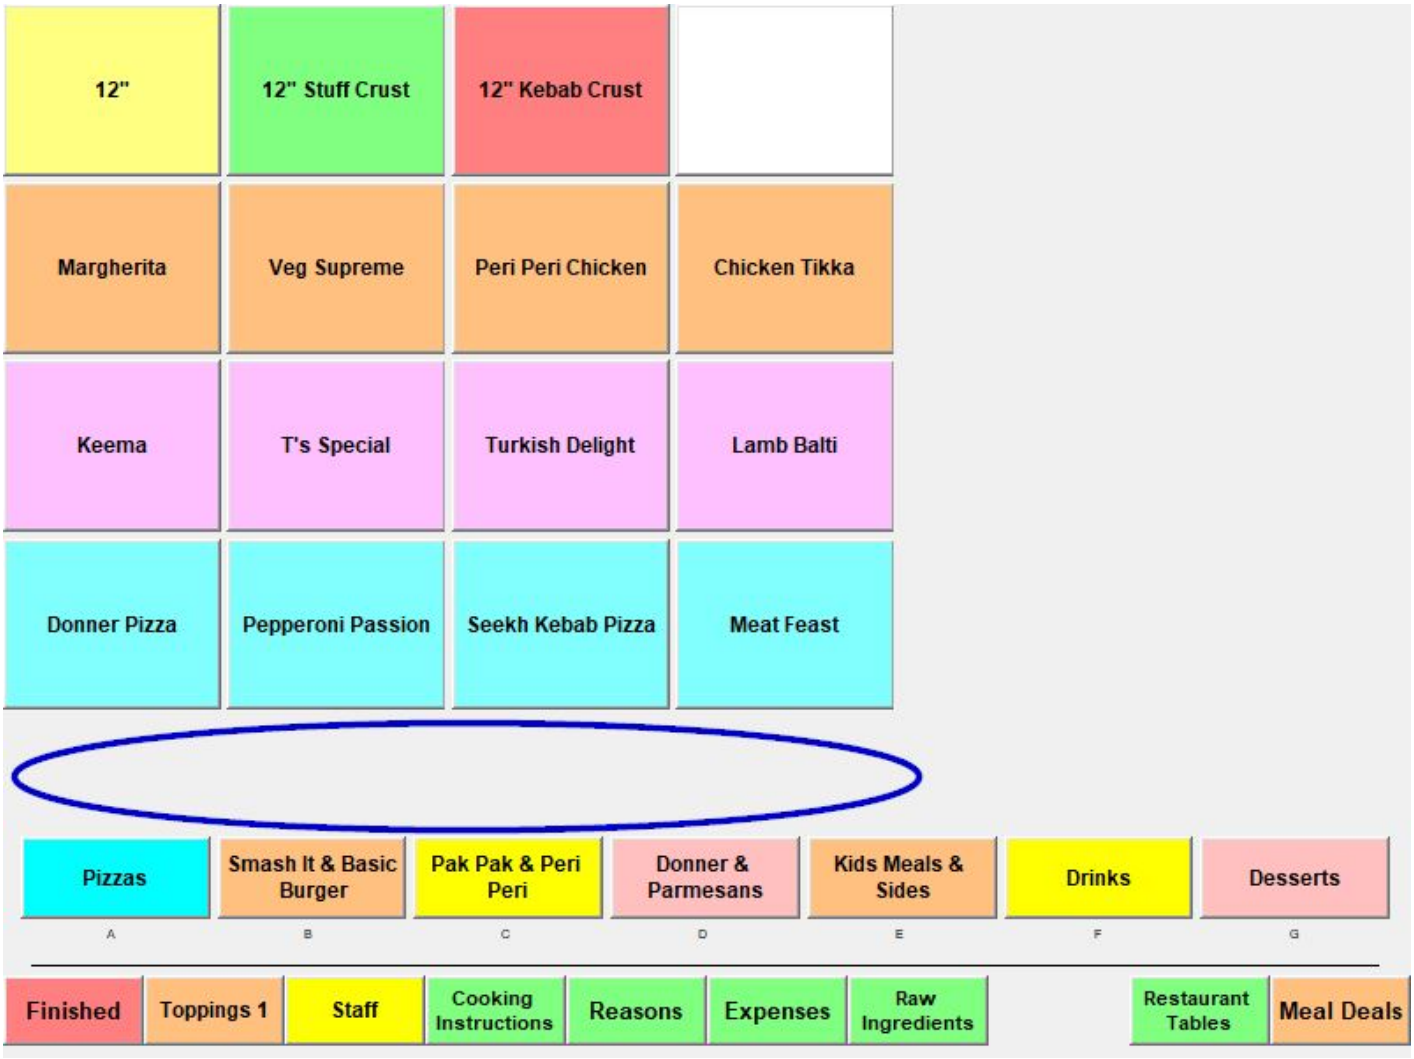

This can be useful if the buttons have been messed up somehow,

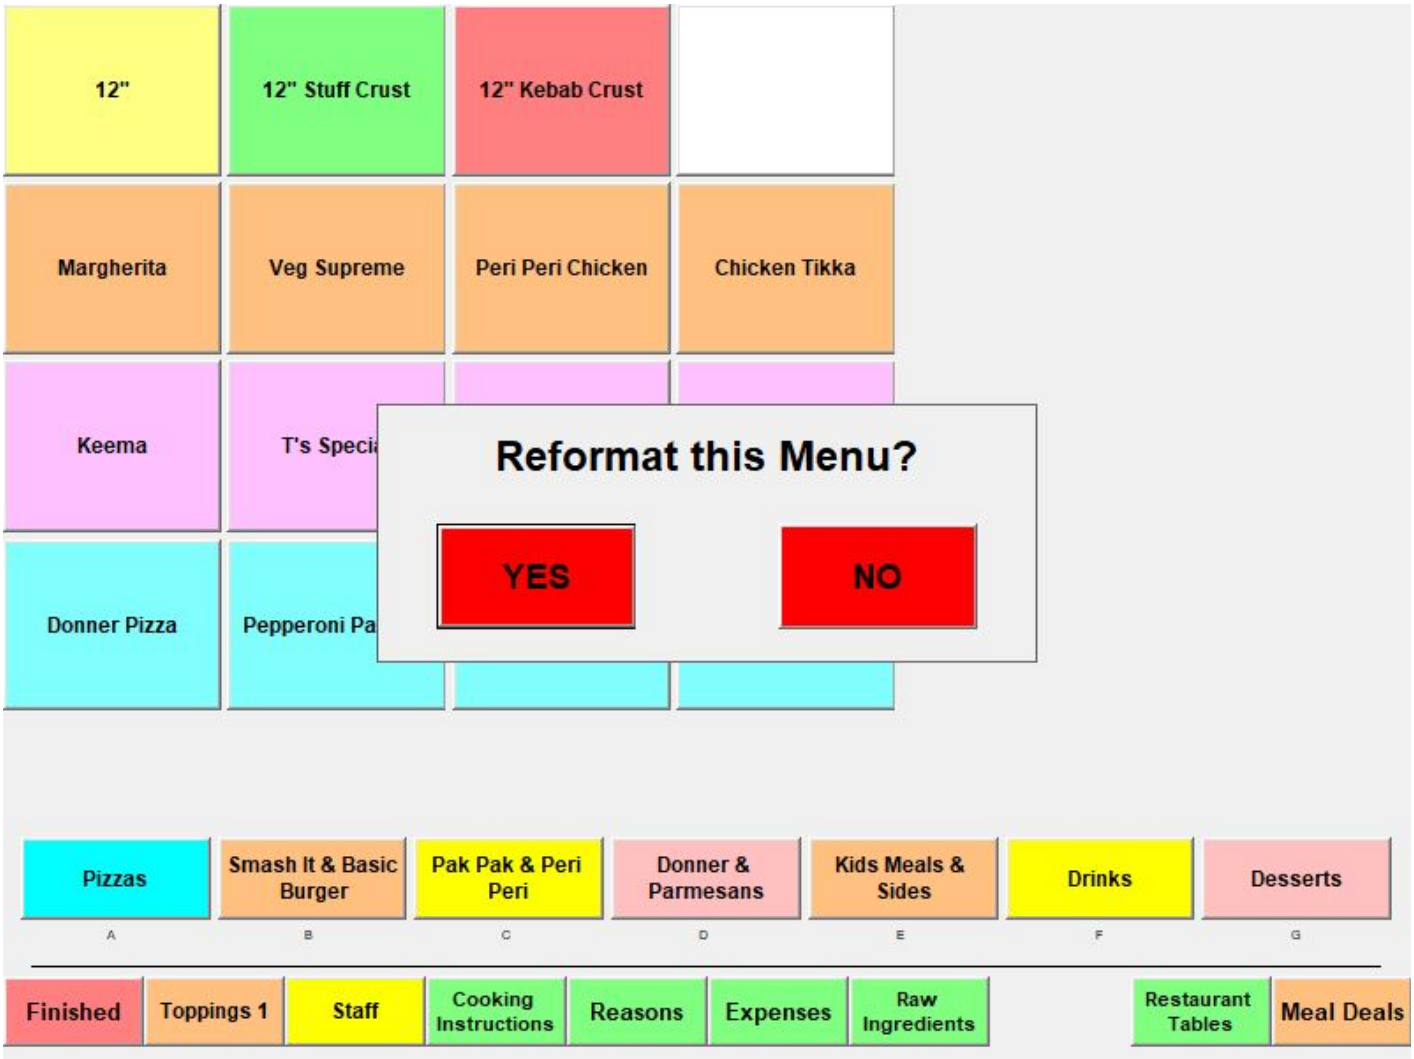

Reformatting the menu

If a menu is damaged somehow the first thing to try is to reformat it.

If you go into the menu and click in the grey space below the items and above the courses.

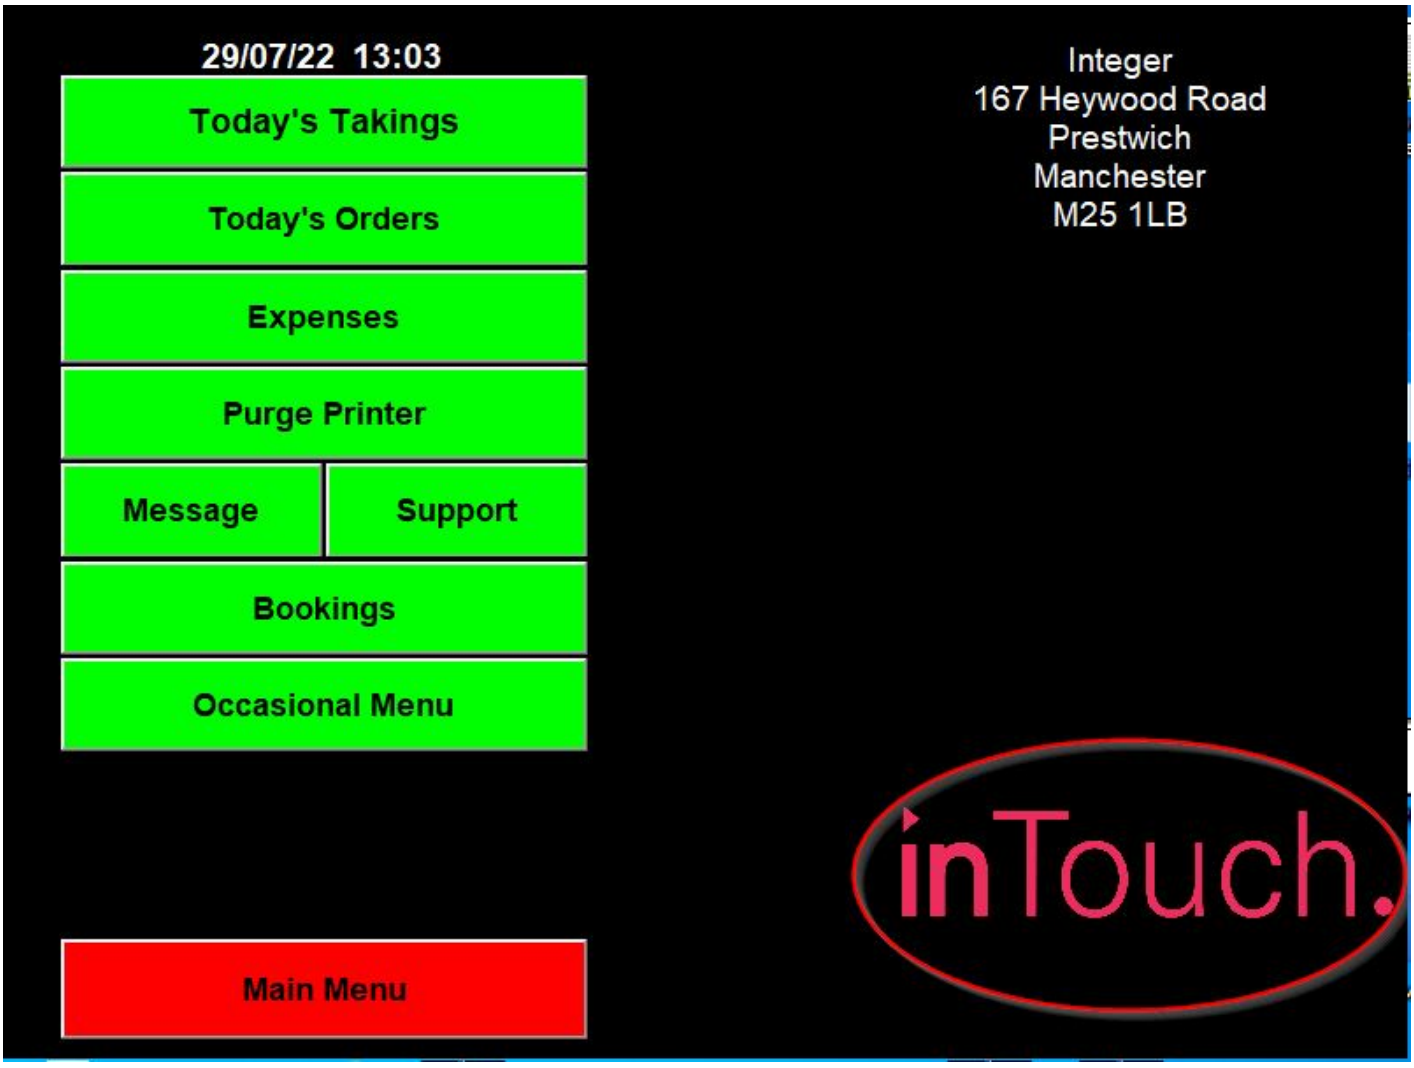

You be asked if you want to Reformat the menu

If you choose yes the buttons on this course will be re-written. This can also be done on the meal deals section and solves any problems there.

Pressing and holding the Intouch logo on management

Pressing and holding the Intouch logo on management does the same as the online support button in occasional menu and downloads the TeamViewer client.

This can be useful on Terminals if they don't have TeamViewer installed as they don't usually have the occasional menu
