How to set different prices for Delivery/Take-away/Restaurant

First got to "Management"

image-1612864767998.png

Then select "Occasional Menu"

image-1612864893529.png

Click "Options"

image-1612866332877.png

Click "Charges" tab along the top

image-1612866220326.png

On the right near the bottom you will find "Price 2 applies to"

image-1612866524188.png

From the drop down select "Delivery/Take-away/Restaurant

image-1612866849570.png

Now select "Save & Exit"

image-1612867077834.png

Select "Menus"

image-1612867141955.png

select any item and go to its "Details" tab

image-1612867835745.png

Image not found or type unknown

The item will now have a "Price 2" column

image-1612868003883.png

Image not found or type unknown

Click "Finished"

Image not found

And "Exit"

Image not found

"Main Menu"

Image not found or type unknown

And now take orders as normal.
